## OBJECTIVE

AWS Certified Cloud Practitioner and AWS re/Start Graduate with a solid background in cloud computing, Linux, Networking basics and learning DevOps. I am highly motivated and quick to learn new technologies. I want to contribute to cloud and automation projects by using my problem-solving skills and practical AWS experience. I am eager to join a vibrant organization that values innovation, ongoing learning, and technical development.

---

## WORK EXPERIENCE

Jul 2025 - Nov 2025

### AWSRe/Start Program — Internship

- Trained in AWS core services, Linux, networking fundamentals, and Python.
  - Collaborated on team projects to design and deploy cloud-based solutions.
  - Deployed a website using Amazon S3 and EC2 instances configured with Apache (httpd) and Nginx web servers.
- 

## EDUCATION

Bachelor of Computer Applications(**BCA**)

2022-2025

DRBCCC Hindu College, Pattabiram, Chennai.

---

## PROJECTS

### Website Deployment with AWS Cloud Services

- Deployed a fully functional website using **Amazon S3** for hosting, **CloudFront** for CDN, **ACM** for SSL/TLS security, and **Route 53** for a custom domain.
- Configured secure, high-performance, and globally accessible web hosting.
- Implemented automated HTTPS via ACM and optimized content delivery through CloudFront caching.

### NOVA – Voice Assistant

- Developed a Python-based voice assistant enabling hands-free control of Windows systems.
- Built with PyQt for GUI, speech recognition, and multithreading for smooth performance.
- Implemented voice-controlled automation for apps, browser, email, and media tasks.
- Enabled wake-word activation with modular, scalable architecture for future NLP integration.

### V-Chat (Django)

- Developed a full-stack Instagram-like web app using Django, featuring photo sharing, likes, comments, and user profiles
  - Integrated real-time chat with Django Channels and WebSockets, backed by Redis
  - Implemented secure user authentication and customizable profile pages
  - Designed a responsive UI using Bootstrap 5, optimized for both desktop and mobile devices
  - Added real-time notifications for messages and interactions to enhance user engagement
- 

## SKILLS

- Cloud Services: AWS EC2, S3, IAM, VPC, RDS, CloudWatch, Route 53, CloudFront, ACM.
- DevOps & Tools: GitHub, Linux, Nginx, Apache HTTPD, Visual Studio Code, Terraform (Basic), Networking (Basic)
- Programming: Python, HTML, CSS
- Databases: MySQL (Basic)
- Operating Systems: Windows, Linux, Ubuntu Other.
- Other Tools: PuTTY (Remote Access & SSH), PuttyGen (Key Conversion)

---

## CERTIFICATION COURSES

- **AWS - RE/Strat Graduate**
  - **AWS - AWS Cloud Practitioner**
  - **Infosys - Prompt Engineering**
  - **Infosys - Introduction to Artificial Intelligence**
  - **Google Cloud - Introduction to Generative AI**
  - **IBM - python 101**
- 

## EXTRA-CURRICULAR ACTIVITIES

### Coordinator & Documenter, Synergy Quiz Club , DRBCCC HINDU COLLEGE

- Organized and hosted quiz programs and events with high student participation.
- Provided technical support and helped in managing quiz for club activities.
